

Flexi-Felt®

The new patent pending Flexi-Felt® Ultimate (model 6328) is simply the most advanced floor protection on the market.

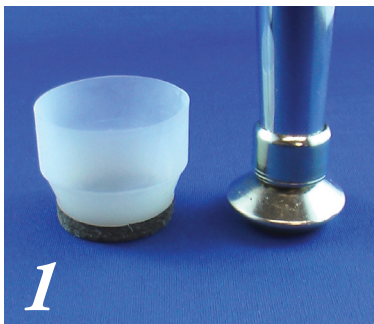

Customers have been telling us that they needed a lasting floor protection solution that kids couldn't remove. So we listened. Introducing the first model to have a LIFETIME warranty against removal. This new Flexi-Felt® Ultimate is thinner, stronger and very aesthetic. They look like they are part of the furniture.

The installation is easier than ever. No physical strength required! If you can hold up a heat gun, you can install this model. The Flexi-Felt® Ultimate model 6328 installs in less than a minute per chair, and your chairs remain stackable.

Kids might try to use their hands, their feet even their teeth! This unit will not come off. No more replacing fallen tennis balls or having lopsided chairs with a missing unit. Try the Flexi-Felt® Ultimate, and if you are not satisfied, we will give you a full refund.

Flexi-Felt® Ultimate model 6328 benefits:

- Stronger, virtually impossible to remove without tools
- Looks great, molds to leg
- Unsurpassed floor protection
- Easiest installation
- Chairs remain stackable

To install simply place the Flexi-Felt® Ultimate, model 6328 over the footing and apply heat with heat gun to Flexi-Felt® Ultimate. It will mold itself to the footing. Let cool over night. By morning you will have the best floor protection ever! ** If you ever need to replace a unit, they can be easily cut off with a box cutter.*
